

8/27/2025

Church Extension Fund is always working to improve the customer user experience. Over the last 5 years, great strides have been made to make investing with CEF a more user-friendly and intuitive process. In the next month, more changes to CEF Online Access will be coming!

The process is already underway behind-the-scenes. We will alert you to any action that you will need to take to log-in. Please keep an eye out for a message in the current online access messaging system or your email on file for further instructions.

Thank you for being a ministry partner with Church Extension Fund!
